7 Day Specialist Security Driving Programme

The Team

Andy Davis (Trident Manor) brings specialist security risk management skills and experiences gained internationally as a Diplomat and within senior security positions in corporate world. He holds Chartered Security Professional (CSyP) status and has designed and delivered protective security programmes in over 13 countries from South America to Asia.

Mick Farmer (OnCourse) is recognised as the leading specialist with regard to 4wd operation in harsh and hostile environments. Mick teaches from a background of credibility and hands-on experience and ensures students are taught with clear demonstration and positive reinforcement.

The Training Facility

'Real-Life' Training In A Safe And Private Environment.

OnCourse is based in Uganda, the hub of East and Central Africa's more challenging roads and driving conditions. The driver training facility has been designed to mirror hazards /obstacles that are likely to be encountered across the African continent and further afield.
